

New York 14th Nov 1838.

Mr. S. M. Johnson.

Sir -

I received a letter from
Charles this morning, and was pleased to hear that
the Stables were raised on Monday without accident
and please receive my thanks for your trouble -

When you send my butter please write me the day
before so that I can send to the Boat in time for it.

I am quite anxious to get the Ice house done
this winter. we can put it up in a few days when
the whole is dry will you oblige me by looking after
it for me. If Michael has left then employ Jim
he should work for 4 or 5 days let the hole be dug
six inches larger all round than the frame - it will require
to be dug so that the water will run off and no
lower or deeper. when I come up again I shall employ
some one to put it up. Please write me a few lines
next week and inform me how they progress with the Stables.

I have received from my old - all in good health. Mr. Mrs.
Granger have not yet left the city sail tomorrow.

Yrs S. M. Wright
